Email : mayuran@vau.ac.lk

### PROJECTS

#### My portfolio website

Created a personal portfolio website using HTML, CSS and JavaScript to showcase projects and skills. The site features a clean, responsive design with smooth navigation, highlighting my work and expertise effectively across devices.

#### Expense tracker app

Built a full-stack expense tracker using MongoDB, Express, React, and Node.js. Users can add, edit, and delete expenses, categorize transactions, and view real-time totals with secure API integration. Includes JWT authentication and a responsive UI.

#### Login and SignUp form

A simple user authentication system developed using HTML, CSS, JavaScript, PHP and database for mysql. The frontend is built with HTML and CSS to create a clean and responsive user interface, while JavaScript is used for client-side validation and user interaction.

#### Modern Admin Dashboard

Developed a modern, responsive admin dashboard using React JS and Tailwind CSS. Implemented key features including a side navigation menu, dashboard cards, data tables, and interactive charts

### LANGUAGES

**Sinhala** - Native

**English** - Working Proficiency

**Tamil** - Basics
