SUMMARY

Highly motivated undergraduate at the University of Jaffna, Vavuniya Campus (University of Vavuniya), with extensive experience in full-stack development. Proficient in PHP, with a strong background in multiple programming languages and frameworks. Proven ability to develop and maintain web applications, implement new features, and optimize performance. Seeking opportunities to leverage my skills in a dynamic and innovative environment.

PROJECTS

Expense tracker app
Built a full-stack expense tracker using MongoDB, Express, React, and Node.js. Users can add, edit, and delete expenses, categorize transactions, and view real-time totals with secure API integration. Includes JWT authentication and a responsive UI.
